- Wearing a mask is required (assembly and disassembly included)
- Plexiglass protection at information points and reception areas

## **SANITARY PASS**

- Either complete vaccination schedule and the time needed after the final injection
- Either proof of a negative test of less than 72 hours
- Either result of a positive RT-PCR test or antigen test attesting to recovery of Covid-19, dating at least 11 days and less than 6 months

## **REINFORCED CLEANING**

- Reinforced cleaning of rooms, sanitary stands...

## **SUSPECTED CASES**

- Isolation procedure for all suspected case
- Isolation area away from the public

## **COMMUNICATION**

- Before the event: information to participants on new instructions received
- During the event: signage and sound messages to remind security measures

## **HEALTH REFERENCE**

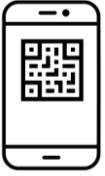

- Manage all health projects and measures
- Continuously oversees the coordination and proper implementation of these measures

## **PHYSICAL DISTANCATION**

- Circuits inside the Bellevue
- Arrangement of common areas and conference rooms

# Barrier measures

## SANITARY PASS IS REQUIRED WITH:

- Either complete vaccination schedule and the time needed after the final injection
- Either proof of a negative test of less than 72 hours
- Either result of a positive RT-PCR test or antigen test attesting to recovery of Covid-19, dating at least 11 days and less than 6 months

## HAND HYGIENE

- **Hydroalcoholic solution** available in all strategic points
- Hand washing with soap regularly

## MASKS

- Wearing a mask is compulsory for all (assembly, operation, dismantling)
- **Visor masks are prohibited.** As they do not protect from the particles remaining in suspension,
- **Security guards and hostesses equipped with masks**
- Bring your own masks

## SOCIAL DISTANCING

- **Distinction of entry and exit flows**
- Materialization of queues in front of fixed reception desks, freight
- Arrange rooms to ensure appropriate space, in common areas
- Seats for the workshops and conferences rooms : **every other seat, staggered between the rows**

# Rienforced cleaning

## WC areas

- Additional and more frequent cleaning
- **Cleaning monitoring documented**
- **Hand dryers** deactivated
- **Disposable equipment** : bacteriological and virucidal soap, disposable hand towel, dedicated bins ...

## Auditorium, meeting rooms and organiser offices

- Complete daily cleaning and disinfection of rooms and furniture including doors, handles, handrails, windows, etc.

## Stands and common areas

Complete cleaning and disinfection of aisles, common areas, self-service collective equipment (distributor, water fountains, etc.) and surfaces in contact with the hands

## Disinfectant wipes

- **Made available to hostesses** for regular cleaning of reception desks
- **Made available to partners** on their stand

## Audiovisual material

- After each session, cleaning and disinfection of keyboards, computer mouse, remote controls and pointers.
- Microphones equipped with disposable foam and privileged assignment of one microphone per person

# Sanitary measures – First Aid – Health & Safety

## Management of Suspected Cases

- A specific system dedicated to the management of suspected cases will be put in place

## Communication

### Before the event

- Comexposium is in permanent contact **with regulatory and health authorities** in order to anticipate the evolution of COVID 19

### On-site

Reminder of the security measures on site via:

- **Floor and wall signage** (e.g. barrier measures, managed flow, physical distance, meeting room display)

### Health and Safety Manager

Ensure the **proper use of health and safety measures** at all times,

#1to1Biarritz

# ● Your commitment

**Do not show to the event if you have been in contact with a person carrying SARS-Cov-2 or suspected of having been infected, or if you have the following symptoms:**

- Fever or feeling feverish (chills, hot-cold)
- Headache
- Unusual fatigue
- Cough and sore throat
- Sore muscles
- Difficulty breathing
- Sudden loss of smell (without nasal obstruction)
- Total disappearance of taste

**You must wear a mask, at least "general public" meeting the specifications of Afnor "Spec S76-001", and maintained according to the instructions given by the manufacturer, when accessing the event**

**You must use the hydro-alcoholic gel when accessing the event and the various areas within it**

**Apply the barrier measures published by Santé Publique France :**

- Wash your hands or use hydro-alcoholic gel as often as possible
- Cough or sneeze into your elbow or a tissue
- Use disposable tissues and throw them away immediately after use
- Greet without shaking hands and avoid hugs
